MENS SANA IN CORPORE SANO 2020

6th Edition

Body and Creation in Psychoanalysis

May 20 - 22 (Wednesday – Friday)

Tepoztlan, Mexico

IPSO supported - Sponsored by IPA

We invite you to a new edition of ***Mens Sana in Corpore Sano!***

The *Mens Sana in Corpore Sano* activities will develop in intervals of time, rhythm, thought and physical movement. The combination of outdoor physical activities (such as trekking, hiking, dancing and yoga sessions) and work sessions with psychoanalytic writings written by the participants, has been thought provoking and inspiring.

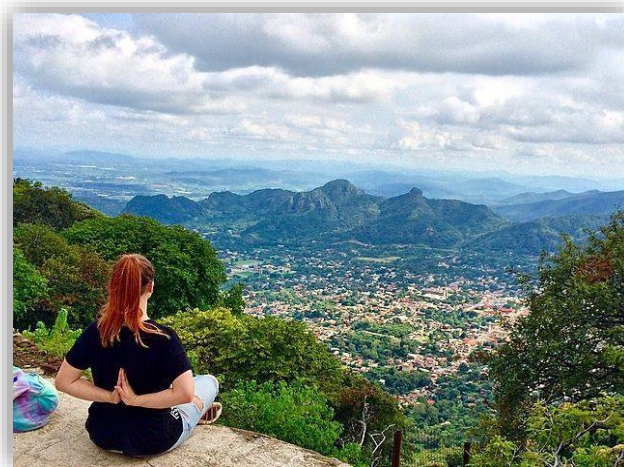

In order to maximize our participant's experience in the natural world and elicit aesthetic and contemplative experiences, this innovative way of conducting psychoanalytic meetings is carried out in groups of no more than 24 participants. These meetings help create connection and links among participants from around the world.

This 2020 edition of the event will host the participation of our special guest, Fernando Orduz, former president of FEPAL (Sociedad Colombiana de Psicoanálisis).

CALL FOR PAPERS – DEADLINE: MARCH 23, 2020

All participants are invited to write and submit papers on the Body and Creation axis, as a counterpoint to the topic Violence, "Psychoanalysis in the line of fire", the latter the thematic axis of the IPSO Study Day, to be held on Saturday, May 22 at the Headquarters of the Sociedad Psicoanalitica de Mexico (SPM)
